Core Values

VA's five core values underscore the obligations inherent in VA's mission: Integrity, Commitment, Advocacy, Respect, and Excellence. The core values define "who we are," our culture, and how we care for Veterans and eligible beneficiaries.

Integrity

Act with high moral principle. Adhere to the highest professional standards. Maintain the trust and confidence of all with whom I engage.

Commitment

Work diligently to serve Veterans and other beneficiaries. Be driven by an earnest belief in VA's mission. Fulfill my individual responsibilities and organizational responsibilities.

Advocacy

Be truly Veteran-centric by identifying, fully considering, and appropriately advancing the interests of Veterans and other beneficiaries.

Respect

Treat all those I serve and with whom I work with dignity and respect. Show respect to earn it.

Excellence

Strive for the highest quality and continuous improvement. Be thoughtful and decisive in leadership, accountable for my actions, willing to admit mistakes, and rigorous in correcting them.

Administrations

The three administrations that fall under the Department of Veterans Affairs are the Veterans Health Administration, Veterans Benefits Administration and National Cemetery Administration.

The National Cemetery Administration (NCA) provides burial space for Veterans and their eligible family members, and maintains national cemeteries as national shrines, sacred to the honor and memory of those interred or memorialized there.

Anything and everything related to a Veteran burial and grave site would be through this administration.
